First note not together - rhythm is very secure. Dynamic contrast is good. (C) Detail heard. Cores not secure at (D) - Euph/bass do well. (E) Cores untidy at (E) - lacks control. (G) Not together catched 4~~4~~ of (H) measure 77 and again bar 77 - you rush the semis. (K) Appropriate style. (M) Too loud. (O) Not always balanced - not all the semis are clear. Dim before (Q) ? (Q) Could be more legato in style but the melodic line is shaped well. (S) This is lovely. Dim before (T) ? Bar before (T) Fa too heavy. (T) Cores not in time. Bar before (V) Good dynamic but didn't start together. (V) Excellent percussion. (W) Music flows and links well. (Z) well done cores. (CC) Effective - detail heard leading to a controlled conclusion.

A good performance with some lovely playing heard. There was a lack of togetherness at times and a couple of rhythm issues. Percussion very good throughout.

Thank you
