Test Piece – A Tale as Yet Untold

1. Nice style from middle band. Minor query re balance at 14 → 28 - Dynamic plan works. 48 - well tied horns it's tough! Nice feel for the cantabile 114 - has a degree of energy.

2. You seem more at ease now & the opening phrase has shape & style. Nice link from trombone in the middle of a tender Euph solo. Well done baritone & good trb trio. Lovely shapes from horn. 4th largely successful with a degree of ebb & flow. Again good link from trombone & good ending.

3. Lots of excellent work. - legato melodic link with rhythmic work. Maybe more dynamic contrast is required at times, but you're coping with lots of notes. 236 - balance works & I hear melodic successfully.

It's one heck of an ask ... you've put in an enormous amount of work to get to this standard of performance

Thank you for your efforts

Nice sense of flow 23 good duet. Maybe a little more dynamic variety would be appropriate at times. Intonation wanders a little bit. Sensitive performed.

Thank You.
