ADJUDICATORS REMARKS

Oceans - Richards

Grand opening with well judged dynamics. [A] - nice euph/vari sound. [B] - could have more middle band sound please. Chords before [C] - are nicely balanced. [E] - good cornet - stylish but not quite clean. Well done euph. [D] - great brass sound. [F] - well detailed, occasional ensemble misplacement, but only ever small. [G] - shows a good agitato. Note before [H] not together. [I] - good full sound, careful cymbal isn't too loud. [J] - well done soloists. [K] - clear balance to the texture. Some at [L] but cymbal is too much! [M] - well done euph - good shape. [O] - make sure note releases are neatly done (1st time bar for e.g.) [Q] - Don't let the longer dip each time - use the sound & keep the line of the music - even in this style. [T] - good dynamic difference shown. [V] - neat playing, with detail. [W] - well measured transition into 'Grandly'. Musically graded to the end. A well judged performance (for dynamics) in this loud hall. You kept the sound quality. Some over the top perc, but generally some very enjoyable playing! Thanks!
