'Symphonic Soundtrack for Brass Band'

Confront opening - music has vitality -
 tuning not always convincing - 'D' could be
 lighter - careful trombone - watch the quality
 of sound into 'H'. Effective playing here
 'K' needs to be much more. 'J' &
 'O' well done percussion @ 'P'. Tuning
 basses @ 'R'!!! Good attempt S-T
 'V' = little untidy. Good effort @ 'Y'
 'Z' - 'AA' just needs to be more lyrical
 'KE' - make sure we hear and centre the notes.
 Into II needs more space - Schindler's list -
 try to relax solo horn. 'LL' - some very
 nervous sounds - good effort flugel into 'OO'
 Lots of energy here - untidy bar '3' - 'RR'
 watch the tuning 'SS'. Well done S hm 'uu'

Signature Jim Gurnell

Date 20.2.16 pt

Good attempt at 'ww' : ZZ - good attempt
A little wacky with 'ygy' - some lined sounds
in closing section.

You've clearly put in a great deal of effort
with today's performance - not everything came
off on stage but a bold effort all the same.

Thank You
J.S.
